TITLE

Konrad Cybulski

Honours Research Proposal

Faculty of Information Technology
Monash University
Australia
January 21, 2019

Contents

1 Research Ideas

2 Research Question

•thing   Clear definition of the stated research questions or hypotheses that can be answered

3 Rationale/Contribution to knowledge

Justify the significance, expected contribution and novelty.

4 Previous Research/Literature Review

Extensive coverage of the relevant field of knowledge that is to be summarise and present in a literature review.

5 Research Method

Adequate and manageable research design along with a justification of the chosen methodologies to answer stated research questions.

6 Project Plan

Consideration of potential issues related to the project including data collection and data analysis.

7 Budget

The budget for research
